INTERNSHIPS

Intern at Tufidco, Chennai
March 2023 — April 2023

As a Web Developer at **Tufidco**, my primary role was to design and develop a brand-new website to enhance the company's online presence and user experience. I played a pivotal role in transforming our digital landscape by leveraging your skills in web development, design, and problem-solving.

PROJECTS

IEI Student Chapter Website

Worked on developing a website for IEI Student chapter as an in house project

Comparitive study of ML and Ensemble models on network intrution detection

The goal is to achieve a high accuracy rate in detecting network intrusions, which is crucial for maintaining network security.
